Docket No.:

190391

The father, Dasean Smith, assented, completed his paperwork which I filed with the court. Then when given the form to mother, Bailee Pierce, she then stated she did not want to sign. I had already sold my house and made all the above arrangements. I stated that she could come visit as often as wanted. I also state that [REDACTED], myself and family would frequent visit. I offered to assist with financials with travel. Bailee has not had set visitation with [REDACTED] since the original guardianship. Bailee does not see [REDACTED] but every couple of months. She doesn't call her often. [REDACTED] has been with myself and my son and other daughter since 1 year of age. She only knows us as her "home". She knows Bailee is her mother, however wants to remain in the home with me. I am just looking to move my family for better academic & sport opportunities for [REDACTED] and my family. I have great employment. I have life long friends that live there for support. Bailee originally agreed to this after discussing all the above and understanding it was a great opportunity for us. [REDACTED] would be starting kindergarten, which I have already been in contact with that school in TN., in the beginning of August. Our court date is August 21st and we would already be attending and living there therefore, I ask to have that court date moved up to due to these extreme circumstances
